

Embassy of India
Bahrain

PRESS RELEASE

The Embassy of India organised the last Open House of the year on Friday, December 26, chaired by the Chargé d'Affaires (Cd'A). The Embassy's Community Welfare team, Consular team and panel of Embassy lawyers were present to assist the community.

Cd'A expressed his gratitude upon the release of several Indian nationals, including 19 workers from A. Ali Aldaaysi Holding. The Ministry of Foreign Affairs had requested the Embassy's intervention to facilitate the clearance of long-pending mortal remains of Indian nationals, and we are pleased to announce that this has now been successfully addressed. Cd'A extended his heartfelt thanks to all those involved in this effort including Telugu Kala Samithi, Tamil Social & Cultural Association (TASCA) and Bharathi Association, and local authorities.

Contd...

Additionally, the Ministry of External Affairs has launched **Madad 2.0**, an updated version of the Madad Portal. The Madad Portal is an online grievance redressal system designed to assist Indian citizens abroad. The updated platform can be accessed at (<https://madad.gov.in/>).

It was a fruitful and interactive session. The grievances/issues of the Indian community were successfully addressed; some resolved at the open house, while others will be taken up at the earliest possible.
